

Auto Gold is a famous auto lighting brand in India, became a top-class enterprise in Auto Lamp & Accessories manufacturing field after decades of effort.

D R S Auto Industries established in 1997, is a professional production-oriented company, which mainly develops and produces Auto Lamps, Automotive Interior and Exterior Decoration Plastics Parts.

D R S Auto Industries has advanced equipments for researching, inspecting and producing. With super teams of experts for business, research, technology, production, inspection, management and customer service, excellent quality and shortest lead time is guaranteed. The best raw material makes the light highly efficient and brighter in all weather conditions. All the lights are specially designed and each light goes through tough quality checks at every stage of production, making the lights water & dust proof.

D R S Auto Industries covers 3000 square meters of Plant Area and possesses several different weight plastics injection machines and high frequency heat welders, punching machines and relative production and laboratory equipment. The Annual production capability is more than 400 thousand sets.

D R S Auto Industries has a Vibrant, Aggressive young team. On the one hand, we are Down-To-Earth in making products. On the other hand, conform to the development of the times, we absorb new mode and new thinking for constantly enhancing our competitiveness, And to provide customers with more perfect products and services.

D R S Auto Industries focuses on product quality and try to safeguard the interests of customers.
